OFFICE OF LEGISLATIVE COUNSEL

Thursday - 14 March 1968

25X1 1. [] - CEA) Notified Donald Appell, House Committee on Un-American Activities staff, that we were unable to identify the film which he had requested. Appell said he thought this would be the case and thought it best that we leave the matter in abeyance until they have had an opportunity to be in touch with Samuel Schwarzschild, the author of the article in Dissent which described the film.

25X1 2. [] - LLM) Mr. Wayne Granquist, Administrative Assistant to Senator Abraham Ribicoff (D., Conn.), called me at home to determine if the Agency had an employment program for applicants at the graduate school level which would satisfy an individual's military draft obligation. This was on behalf of a graduate student who had heard that the Agency had such a program. I explained the general nature of our recruitment programs and that service with the Agency in a civilian status did not satisfy an individual's military obligation. This satisfied Granquist.

25X1 3. [] - JSW) Mr. Robert Michaels, House Appropriations Committee staff, advised during the course of the day that he had been misinformed and it had not been Representative Lipscomb who had raised the question on the Anderson article of 13 March, but rather Representative John Rhodes. He had expressed a concern that there should be a way to prosecute for publishing classified information but has no desires for any information or action at this time.

25X1 4. [] - JSW) Checked on the status of the DIA building. Gordon Neese, Senate Armed Services Committee staff, pointed out that, of course, it had been authorized a few years ago and Frank Sanders, of House Appropriations Committee staff, advised there had been no appropriations and he is advised there is no money in the 1969 budget for it.
